All papers which are 30 inches wide and 8 yards to a single roll, will cover one-half more wall space than othe because of the extra width. The Oatmeal Duplex papers which are sold by the single roll of 5 yards, will cover as much space as an ordinary single roll.

All plain papers should be carefully shaded before cutting into strips for pasting. If any shading is discovered, notify us immediately, sending a small sample of the shade desired to complete the order, and we will make prompt shipment. We will not replace shaded goods after they are cut.

"HOFI"

This new material has great decorative value, and we especially urge that it be brought to the attention of every customer. It is easily hung with ordinary paste, and if the seams are carefully butted, they cannot be detected after the work is completed.

FIBRE FLOOR

In this material, we introduce somewhat of a novelty, and one which we feel sure will prove particularly attractive to those who desire a floor covering of handsome effect at little cost. It can be used either on the entire floor, or around the edges only. If one customer will try it, you will soon have a large demand for this material.

VARNISHED TILE BORDERS

We carry in stock Varnished Tile Borders, 4½ and 6 inches wide, 24 yards to a single roll. We sell these borders by the single roll or by the single yard as required.

Price per single roll, 9060—per single yard, 0604

FIBER FLOOR

THIS is not an imitation but is printed directly from the wood and is an exact reproduction of a hardwood floor, that cannot be distinguished from the genuine.

FIBER FLOOR is grained on high-grade jute fiber, finished with two coats best quality varnish, waterproofed on the back and is therefore not effected by moisture.

Makes a beautiful border for rugs or show windows. It gives the effect of a hardwood floor at a fraction of the cost. It will last a lifetime when properly taken care of and can be refinished with varnish like ordinary hardwood floor. FIBER FLOOR is put up in rolls of about 50 yards.

Price in full rolls	**per yard 36 in.**	**7550**
Price in less than full rolls	**per yard 36 in.**	**8456**
